FROM SERVICE TO STRONGER REPORTING

Impact deserves to be documented as carefully as it is delivered.

The 2024 record shows meaningful work across multiple programs. It also highlights an opportunity for M4C: pair every program with consistent beneficiary counts, outcome measures, photographs, receipts and follow-up data so the organization can tell its story with greater clarity each year.

MEASURE

Capture participant and beneficiary counts for every program.

DOCUMENT

Keep receipts, program photos and outcome records together.

FOLLOW UP

Use surveys and partner feedback to document what changed.

REPORT

Publish one consistent annual impact and financial report each year.

LOOKING AHEAD

2025 priorities included strengthening Sakina, expanding girls' leadership programming, advancing Ruby and Iqra, building partnerships and improving impact measurement.

Thank you for standing with girls and communities.

To every donor, volunteer, partner, board member and supporter: your generosity helped sustain the work reflected in this report. Together, we continue building pathways to safety, dignity, education and opportunity.
